

Symptom diary: one week

A few words each day help you describe the week to your doctor.

Name _____ Week starting _____

Day	What I felt, and where	When it started, how long	How strong (1 to 5)	What I took, ate or did before

Note anything new. If a symptom is severe or sudden, don't wait for the diary: call your doctor or 112.

Keep your medicines, readings and family's records on your phone: Kinsu Health, for Android. kinsu.health
